BSIT STUDENT

PROFILE

I'm Passionate first year BSIT student at PHINMA-COC with a growing love for Python and problem-solving. Turned curiosity into action by researching and building a console-based Attendance Monitoring System that makes tracking student attendance faster and more organized. Driven to learn, eager to take on real challenges, and committed to turning ideas into useful software. Seeking an IT internship or entry-level opportunity where I can contribute, grow, and keep building.

LANGUAGE

English, Tagalog, Cebuana , Talaandig

WORK EXPERIENCE

♥ Python Developer / Researcher (Academic Project)PHINMA-COC | 2026. Built a console-based Attendance Monitoring System in Python.Used CSV/text files to record, search, and report attendance.Tested, debugged, and documented the system.

♥ IT Student Assistant / Group Project Member.PHINMA-COC | 2026.Collaborated with classmates on programming activities. Prepared reports and presentations using Excel and PowerPoint.
